- (b) ensure that the board or a committee of the board is informed of any material incidents reported under that policy.*

Xanadu has followed this Recommendation during the reporting period. The purpose of the Company's *Whistleblower Policy* is to:

- a) support the Group's values and *Code of Conduct*;
- b) ensure that individuals who disclose wrongdoing can do so safely, securely and with confidence that they will be protected and supported by the Group;
- c) ensure that whistleblower disclosures are dealt with appropriately and on a timely basis;
- d) provide transparency regarding the Group's processes for receiving, handling and investigating whistleblower disclosures;

- f) help deter wrongdoing.

The **Whistleblower Policy** is available on the Company's website at <https://www.xanadumines.com/corporate-governance/>.

Recommendation 3.4:

A listed entity should:

- (a) have and disclose an anti-bribery and corruption policy; and*
- (b) ensure that the board or a committee of the board is informed of any material breaches of that policy.*

Xanadu has followed this Recommendation during the reporting period. The purpose of the Company's *Anti-Bribery and Corruption Policy* is to protect the integrity of Xanadu's reputation and to set out the position of Xanadu Mines Ltd and its controlled entities on bribery and corruption and the responsibilities of all individuals working for or with Xanadu in observing and upholding Xanadu's commitment to conducting business in an ethical and honest way and with the highest level of integrity. This policy also provides information and guidance on how to recognise and deal with bribery and corruption issues.

The **Anti-Bribery and Corruption Policy** is available on the Company's website at:

<https://www.xanadumines.com/corporate-governance/>.

Principle 4: Safeguard the integrity of corporate reports

A listed entity should have appropriate processes to verify the integrity of its corporate reports.

Recommendation 4.1:

The board of a listed entity should:

- (a) have an audit committee which:*
 - (1) has at least three members, all of whom are non-executive directors and a majority of whom are independent directors; and*
 - (2) is chaired by an independent director, who is not the chair of the board,*
and disclose:
 - (3) the charter of the committee;*
 - (4) the relevant qualifications and experience of the members of the committee; and*

- (5) *in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or*
- (b) *if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.*

Xanadu has largely followed this Recommendation during the reporting period, with the exception that following the resignation of Mr Stephen Motteram with effect from 30 June 2020, the Committee only comprised two members (Messrs Muscillo and Moorhead), until the appointment of Mr Pearson on 3 May 2021, and the Committee now comprises three Independent Non-Executive Directors, namely Messrs Pearson, Moorhead and Muscillo.

The Board has established an Audit and Risk Committee and adopted an *Audit and Risk Committee Charter*. Under the Charter, and to comply with TSX requirements, the Committee must comprise at least three members, all of whom must Independent Non-Executive Directors and the Chair of the Committee will not be the Chair of the Board. As noted above, since 3 May 2021, the Committee has comprised three members (Messrs Pearson, Moorhead and Muscillo), all of whom are Independent Non-Executive Directors. Mr Pearson succeeded Mr Muscillo as the Chair of the Committee.

All members of the Committee must be able to read and understand financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and level of complexity of the issues reasonably expected to be raised by the Company's financial statements.

The Company considers that the Audit and Risk Committee members collectively have the mix of skills and expertise appropriate for the Company.

The primary purpose of the Committee is to assist the Board in fulfilling its statutory and fiduciary responsibilities relating to:

- a) the quality and integrity of the Company's financial statements, accounting policies and financial reporting and public disclosure practices;
- b) compliance with all applicable laws, regulations and company policy;
- c) the effectiveness and adequacy of internal control processes;
- d) the performance of the Company's external auditors and their appointment and removal;
- e) the independence of the external auditor and the rotation of the lead engagement partner;
- f) the scope and adequacy of the external audit;
- g) any proposal for the external auditor to provide non-audit services and whether it might compromise the independence of the external auditor;
- h) the identification and management of business, economic, environmental, social sustainability and other non-financial risks; and
- i) the review of the Company's risk management framework at least annually to satisfy itself that it continues to be sound and to determine whether there have been any changes in the material business risks the Company faces and to ensure that they remain within the risk appetite set by the Board.

Committee members' qualifications and their attendance at the Audit and Risk Committee Meetings are set out in the Directors' Report included in the Company's 2020 Annual Report. All the Committee members are financially literate and have an understanding of the industry in which the Company operates.

The **Audit and Risk Committee Charter** is available on the Company's website at:

<https://www.xanadumines.com/corporate-governance/>.

Recommendation 4.2:

For the financial year ended 31 December 2021, the CEO and CFO provided the Board with Declarations that, in their opinion, the financial records of Company had been properly maintained and that the financial statements complied with the appropriate accounting standards and gave a true and fair view of the financial position and performance of the Company and that the opinion had been formed on the basis of a sound system of risk management and internal control which was operating effectively.

A similar Declaration was given by the CEO and CFO in respect of the half-year ended 30 June 2021 and each Quarterly Report throughout the financial year ended 31 December 2021.

Recommendation 4.3:

A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.

Xanadu has followed this Recommendation during the reporting period. Xanadu's financial reports for the half-year ended 30 June and the full-year ended 31 December are respectively reviewed and audited by EY, the Company's external auditor. The Company's Quarterly Reports throughout the financial year ended 31 December 2021 have not been reviewed or audited by the external auditor but they are subject to a detailed review by the Audit and Risk Committee, prior to recommendation to the Board for approval and release to ASX and TSX

Principle 5: Make timely and balanced disclosure

A listed entity should make timely and balanced disclosure of all matters concerning it that a reasonable person would expect to have a material effect on the price or value of its securities.

Recommendation 5.1:

A listed entity should have and disclose a written policy for complying with its continuous disclosure obligations under listing rule 3.1.

Xanadu has followed this Recommendation during the reporting period. The Board has adopted a *Continuous Disclosure and Shareholder Communications Policy* to ensure the Company's compliance with its disclosure obligations under the Corporations Act and ASX and TSX Listing Rules. The Policy outlines the procedures that apply to the central collection, control, assessment and if required, release to ASX and TSX of material information.

The only persons authorised to speak to ASX or TSX or externally (such as analysts, investors, brokers or shareholders) in relation to the Company are the:

Each director automatically receives a copy of each ASX Announcement directly from the ASX Market Announcements Platform as soon as it has been released by ASX.

Recommendation 5.3:

A listed entity that gives a new and substantive investor or analyst presentation should release a copy of the presentation materials on the ASX Market Announcements Platform ahead of the presentation.

In accordance with Xanadu's Continuous Disclosure Policy and Shareholder Communications Policy, any presentation to a new and substantive investor or analyst presentation, are released on the ASX Market Announcements Platform ahead of the presentation.

Principle 6: Respect the rights of security holders

A listed entity should provide its security holders with appropriate information and facilities to allow them to exercise their rights as security holders effectively.

Recommendation 6.1:

A listed entity should provide information about itself and its governance to investors via its website.

Xanadu has followed this Recommendation during the reporting period. The Board is committed to providing shareholders with sufficient information to enable them to assess the performance of Xanadu, and to inform shareholders of major developments affecting the state of affairs of the Company. A listed entity should disclose how it facilitates and encourages participation at meetings of security holders.

Xanadu has followed this Recommendation during the reporting period. To encourage shareholder engagement and participation at the AGM and general meetings of members, shareholders have the opportunity to attend in person or participate online, ask questions, and participate in voting.

Shareholders who are unable to attend the AGM or any general meetings of members are encouraged to vote on the proposed motions by using the online voting facility maintained by the Company's Share Registrar, or by appointing a proxy via the proxy form accompanying the Notice of Meeting. Shareholders have the opportunity to submit written questions to the Company and external auditor ahead of the AGM, or make comments on the management of the Company, and they can access AGM presentations and speeches made by the Chairman and the CEO, lodged by the Company with the ASX and TSX prior to the commencement of the meeting. Shareholders can contact Xanadu via email at info@xanadumines.com.

Principle 7: Recognise and manage risk

A listed entity should establish a sound risk management framework and periodically review the effectiveness of that framework.

Recommendation 7.1:

The board of a listed entity should:

(a) have a committee or committees to oversee risk, each of which:

(1) has at least three members, a majority of whom are independent directors; and

(2) is chaired by an independent director,

and disclose:

(3) the charter of the committee;

(4) the members of the committee; and

(5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or

(b) if it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework.

Xanadu has followed this Recommendation during the reporting period. The oversight of financial and non-financial risk management is a responsibility of the Audit and Risk Committee.

Audit and Risk Committee

Refer to commentary under Recommendation 4.1 above for further information about this Committee.

Safety, Health and Environment Committee

In addition, the Safety, Health and Environment Committee assists the Board in fulfilling its corporate governance responsibilities in regard to safety, health, environment and community matters concerning Xanadu, including operational risk management.

Under the *Safety, Health and Environment Committee Charter*, the Committee must comprise at least three members with a majority of Non-Executive Directors and the Chairman of the Committee is to be an Independent Non-Executive Director. Due to the current composition of the Board, there is only one Non-Executive Director (Mr Moorhead) who is the Chairman, on the Safety, Health and Environment Committee, together with the two Executive Directors, Messrs Stewart and Lkhagvasuren.

The Company considers the Committee's members collectively have the mix of skills and expertise appropriate for the Committee to assist the Xanadu Board.

The profile of each of the Safety, Health and Environment Committee members and their attendance at Committee meetings during the reporting period are set out in the Directors' Report included in the Company's 2021 Annual Report.

The **Safety, Health and Environment Committee Charter** is available on the Company's website at <https://www.xanadumines.com/corporate-governance/>.

Recommendation 7.2:

The board or a committee of the board should:

- (a) *review the entity's risk management framework at least annually to satisfy itself that it continues to be sound and that the entity is operating with due regard to the risk appetite set by the board; and*
- (b) *disclose, in relation to each reporting period, whether such a review has taken place.*

Xanadu has followed this Recommendation during the reporting period. As noted above, the oversight of financial and non-financial risk management is a responsibility of the Audit and Risk Committee. The Board has required Management to design, implement and maintain risk management and internal control systems to manage the Company's material business risks. The Board also requires Management to report to the Audit and Risk Committee at least every three months, confirming that those risks are being managed effectively.

During the reporting period, the Board received a number of formal reports from Management as to the effectiveness of the Company's management of its material strategic and operational risks. In addition, assurances were given by the CEO and the CFO to the Board at the time of approving the financial statements for the half-year ended 30 June 2021 and the full-year ended 31 December 2021, and for each of the Quarterly Activities Reports and Appendix 5B *Quarterly Cash Flow Reports*, which the Board considers adequate for the current size and scope of the Company's operations.

Recommendation 7.3:

A listed entity should disclose:

- (a) *if it has an internal audit function, how the function is structured and what role it performs; or*
- (b) *if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its risk management and internal control processes.*

Xanadu has not followed this Recommendation during the reporting period. Given the small size and scope of the Company's operations, the Board has not established an internal audit function. During the reporting period, the Audit and Risk Committee was responsible for oversight of the Company's internal processes and practices and assessing the effectiveness of the Company's risk management and internal control processes.

Recommendation 7.4:

A listed entity should disclose whether it has any material exposure to economic, environmental and social sustainability risks and, if it does, how it manages or intends to manage those risks.

Xanadu has followed this Recommendation during the reporting period. The Board recognises that material risks facing the Company are the more significant areas of uncertainty or exposure to the Company that could adversely affect the achievement of the Company's objectives and successful implementation of its business strategies.

Details about the Company's material business risks, such as political and regulatory risks, capital management and exchange rate and commodity price risks, and approach to managing these business risks are set out in the Management's Discussion and Analysis, set out in the 2021 Annual Report, a copy of which is available on the Company's website at <https://www.xanadumines.com/company-reports/>.

The Board considers these material risks as part of its periodic risk management review, based upon reports from the Safety, Health and Environment Committee, the Audit and Risk Committee or Senior Executives (including the Chief Executive Officer and Chief Geologist).

Principle 8: Remunerate fairly and responsibly

A listed entity should pay director remuneration sufficient to attract and retain high quality directors and design its executive remuneration to attract, retain and motivate high quality senior executives and to align their interests with the creation of value for security holders and with the entity's values and risk appetite.

Recommendation 8.1:

The board of a listed entity should:

(a) have a remuneration committee which:

(1) has at least three members, a majority of whom are independent directors; and

(2) is chaired by an independent director,

and disclose:

(3) the charter of the committee;

(4) the members of the committee; and

(5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or

(b) if it does not have a remuneration committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and not excessive.

Xanadu has followed this Recommendation during the reporting period. The Nomination and Remuneration Committee was established to assist the Board in fulfilling its corporate governance responsibilities in regard to remuneration related matters (amongst other items). Without limiting its scope, the Committee is to:

- review and make recommendations to the Board on the remuneration framework for Non-Executive Directors and Executive Directors and Senior Executives;
- review Senior Executive performance and any performance-related incentive recommendations; and
- review and recommend to the Board any awards under the Xanadu Incentive Equity Plan.

Refer to commentary under Recommendation 2.1 above for further information about this Committee.

Recommendation 8.2:

A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.

Xanadu has followed this Recommendation during the reporting period. Non-Executive Directors are paid fees from an aggregate sum of \$350,000, approved by shareholders of the Company. The amount of aggregate remuneration sought to be approved by shareholders and the manner in which it is apportioned amongst Directors is reviewed annually. The Board considers fees paid and securities issued to Non-Executive Directors of comparable companies when undertaking the annual review, as well as the time commitment of directors in discharging duties at Board and Committee meetings and any additional assistance provided to the Company. Currently, the Non-Executive Director base fee is \$60,000 per annum and a Committee Chair receives \$4,000 per annum per committee. The Non-Executive Chairman receives a fee of \$120,000 per annum.

There are no retirement schemes for Non-Executive Directors, other than superannuation. Non-Executive Directors are remunerated at a fixed fee for time, commitment and responsibilities and their remuneration is not linked to the operating performance of the Company. From time to time and where appropriate, the Company may issue equity awards to Non-Executive Directors subject to shareholder approval.

Pay and rewards for Executive Directors and Senior Executives consists of a base salary and performance incentives. Long term performance incentives are delivered via options granted at the discretion of the Board and subject to obtaining the relevant shareholder approvals.

Senior Executives are offered a competitive level of total remuneration at market rates and these are reviewed annually to ensure market competitiveness.

Details of remuneration, including the Company's policy on remuneration, are contained in the Remuneration Report which forms part of the Directors' Report included in the Company's 2021 Annual Report. The Company's remuneration policies are reflected in the Company's Remuneration Philosophy (as set out at the start of the Remuneration Report).

The Company's Remuneration Philosophy is to establish competitive remuneration, including performance incentives, consistent with the Company's long term development and success, to ensure remuneration is fair and reasonable, taking into account all relevant factors, and within appropriate controls or limits, ensure performance and remuneration are appropriately linked, that all remuneration packages are reviewed annually or on an ongoing basis in accordance with Management's remuneration packages and that retirement benefits or termination payments (other than notice periods) will not be provided or agreed other than in exceptional circumstances.

Recommendation 8.3:

A listed entity which has an equity-based remuneration scheme should:

- (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and*
- (b) disclose that policy or a summary of it.*

Xanadu has followed this Recommendation during the reporting period. In accordance with the Company's *Securities Trading Policy*, Directors and Senior Executives are not permitted to enter into transactions with securities (or any derivative thereof) in associated products which limit the economic risk of any unvested entitlements awarded under any equity-based remuneration scheme currently in operation or which will be offered by the Company in the future.

Refer to commentary under Recommendation 3.2 above for further information about the Securities Trading Policy.

The **Securities Trading Policy** is available on the Company's website at:

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable.
